

## ISIS BENEDICT ARNOLDS

(Mr. POE of Texas asked and was given permission to address the House for 1 minute.)

Mr. POE of Texas. Mr. Speaker, evil ISIS has arrogantly beheaded yet another Westerner. This time, a British aide worker, David Haines, was executed. His assassin was an ISIS masked outlaw with a British accent.

ISIS has been heavily recruiting turncoat citizens in the United Kingdom, Canada, and the United States. These American passport holders are particularly dangerous since they can easily slip back into our country undetected and bring ISIS' reign of terror to our homeland.

That is why I have introduced the FTO Passport Revocation Act. This legislation would authorize the revocation or denial of passports and passport cards to individuals who fight with foreign terrorist organizations.

The Benedict Arnold traitors who have turned against America and joined the ranks of the terrorist army ISIS should lose their right to reenter the United States. This bill will help law enforcement locate these individuals overseas by preventing them from traveling internationally so that they can be captured and brought to justice.

Once Americans cross over to the dark side and go to war against us, they are not welcome back—unless they are in handcuffs.

And that is just the way it is.

## VOTING RIGHTS IN OHIO

(Ms. FUDGE asked and was given permission to address the House for 1 minute.)

Ms. FUDGE. Mr. Speaker, 2 weeks from today, Golden Week will begin in the State of Ohio. This is a one-stop voting opportunity that will allow Ohio residents to register and cast in-person absentee ballots at the same time. But for the U.S. district court ruling against the GOP-led general assembly, Ohio voters would not have this opportunity.

According to a Lawyers' Committee for Civil Rights report, African American voters made up 78 percent of all early voting ballots in the country. There are people working in every State to make it more difficult for citizens, and particularly people of color, to exercise their right to vote. That is why it is critical for each of us to do all we can to protect it.

I support the Voting Rights Amendment Act of 2014, and I encourage my colleagues to do the same.

## 11TH ANNUAL NATIONAL PREPAREDNESS MONTH

(Mrs. BROOKS of Indiana asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Mrs. BROOKS of Indiana. Mr. Speaker, I rise today to mark the 11th annual

National Preparedness Month and to urge all Americans to be disaster aware and take action to prepare.

According to FEMA, less than 40 percent of all Americans have an emergency plan. This startling fact is a reminder that our Nation must continue to prepare for all types of disasters.

As congressional cochair of National Preparedness Month, I hope all Members will join me in promoting the importance of preparedness. The first 72 hours after a natural disaster or terrorist attack are critical.

This September, urge your constituents and families to take action by creating an emergency kit that includes things like water, nonperishable food, phone chargers. Families should have communication plans and designate a meet-up point in case they get separated. And lastly, we should follow our first responders and Red Cross on social media. Taking these kinds of steps can save lives when disaster strikes.

Mr. Speaker, this month and every month, let's pledge to be disaster aware and take action to prepare.

## CHILDREN'S CARDIOMYOPATHY MONTH

(Mrs. CAPPS asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Mrs. CAPPS. Mr. Speaker, I rise today to recognize September as Children's Cardiomyopathy Awareness Month.

Cardiomyopathy is a chronic disease of the heart muscle and it increases the risk of sudden cardiac arrest. Sudden cardiac arrest claims almost 300,000 lives in the United States every year. It is the leading cause of death for schoolchildren.

That is why I introduced the Teaching Children to Save Lives Act, which would help teach our students across the country the lifesaving skills of CPR and how to use an AED.

Additionally, I recently introduced the SAFE PLAY Act to help ensure the health and safety of students who are athletes. Some of them have cardiomyopathy as well.

This is an issue facing youth and families all across the United States. That is why I urge my colleagues to join me in recognizing September as Children's Cardiomyopathy Awareness Month, participate in the first annual AED Hunt on the Hill tomorrow, and to cosponsor the SAFE PLAY Act and Teaching Children to Save Lives Act, because together we can make a difference.

## PROHIBITING TSA FROM ACCEPTING NOTICE TO APPEAR FORMS

(Mr. MARCHANT asked and was given permission to address the House for 1 minute.)

Mr. MARCHANT. Mr. Speaker, I have introduced legislation to prohibit TSA

from accepting Notice to Appear forms as valid ID for clearing airport security.

Notice to Appear forms summon illegal immigrants to present themselves for removal hearings. They contain no real security features and can be easily forged.

After first denying it to the press, the TSA admitted to me that they were giving illegal immigrants special leeway by accepting Notice to Appear forms. This defies commonsense.

Those who violate our laws should never be held to a lower security standard than law-abiding citizens. It is a serious security risk. It is unfair to honest Americans. It must stop now.

I call on all of my colleagues to support this legislation. TSA must stop giving illegal immigrants special treatment.

## CONSTITUTION WEEK

(Mr. COHEN asked and was given permission to address the House for 1 minute.)

Mr. COHEN. Mr. Speaker, this is Constitution Week, the week that we honor our Constitution, drafted in 1787 on September 15 and signed on the 17th.

I spoke to a class about it in Memphis. I looked at the class, which is almost entirely African American, and I thought about the Constitution having in it slavery and not having in it a woman's right to vote.

Then I have been watching Ken Burns' "The Roosevelts" and seeing how Teddy Roosevelt would have thought about where we are today. Teddy Roosevelt and Franklin Roosevelt knew we needed a central government to work for the people. Teddy Roosevelt said the Constitution was for the people, not the people for the Constitution. He put right first and he fought the trusts and he looked after labor and he looked after the average American worker. He would have been repelled at the idea of not having a Voting Rights Act, as he had Booker T. Washington, the first African American in the White House.

He would have been concerned about what this Congress is doing today and the prospect of war and our power to declare war and not acting and not exercising our constitutional prerogatives.

The Ken Burns series is a tribute to two great men and a great family, Teddy and Franklin Roosevelt, who made America better. I wish this Congress would do the same.

## FEDERAL RESERVE TRANSPARENCY ACT

(Mr. SMITH of Missouri asked and was given permission to address the House for 1 minute.)

Mr. SMITH of Missouri. Mr. Speaker, I am proud today to stand up in support of legislation that I cosponsored that the House will consider later
